

What's Tempo?

AC Transit Tempo is our new bus rapid transit service. Tempo introduces new features, infrastructure improvements, and safety upgrades to the area.

Bringing Tempo to the thriving, diverse communities of the East Bay is one of the many ways we're pursuing our mission to connect our communities with safe, reliable, sustainable service.

Designed for the way you move, Tempo offers a reliable, accessible, and safe ride.

Tempo Line 1T replaces Line 1 taking you down East 14th Street in San Leandro through the vibrant neighborhoods along International Boulevard to Downtown Oakland.

Get there smoother

Tempo is built for reliability so you can connect to the things that move you.

- **Bus-only** lanes increase travel speed and reduce delays due to traffic.
- New **traffic signal technology** enables faster bus travel by adjusting signals to allow buses to bypass traffic.
- Riders **pay before boarding** by tagging their Clipper card or buying a ticket on the platform, speeding the boarding process.

Get there easier

Tempo Line 1T is accessible for all riders—it's built for the way you move.

- Tempo **stations are at the same level as the bus floor** to ease boarding for riders with mobility devices, bikes, strollers, and carts, as well as seniors and people with disabilities.
- Bikes can be rolled on board and right into a **bike rack inside the bus**.

- **Multi-door boarding** minimizes crowding by allowing riders to board through multiple doors; some doors are designed for certain riders to further ease the boarding process.

Visit our website for more details about accessibility and bikes on Tempo.

Get there better

Tempo introduces new features to the area—it was designed with you in mind.

- **New lighting and high-visibility crosswalks** allow riders to safely access all stations.
- Tempo Line 1T features **state-of-the-art safety systems** like cameras at stations and on the buses.
- **Median stations** reduce street crossing distance.
- Tempo Line 1T brings amenities like miles of **new bike lanes, new landscaping,** and **original artwork** by local artists.

Tempo Line 1T features brand-new stations. Many Line 1 stop locations have changed. Make sure to familiarize yourself with the new line map and station locations when planning your trip.

How to Ride Tempo

Service & Frequency

Tempo Line 1T runs 24 hours, 7 days a week to connect riders, communities, and neighborhoods to the things that move them.

Digital message signs at each station display ACT RealTime information so you always know when the next bus is coming.

TEMPO LINE 1T SERVICE

Fares & Payment

With Tempo, riders get to their destinations faster by paying before boarding the bus.

A variety of payment options are available at the station including ticket vending machines and Clipper card readers. The cost to ride Tempo is the same as other AC Transit local service.

All rides on Tempo Line 1T are **FREE** for 90 days after the start of service.

Familiarize yourself with the new payment process by using the ticket vending machines or Clipper card readers to get a free ride.

Pay Before Boarding

- 1 Clipper Card**
Tag Clipper card on reader located at each station

- 2 Cash/Credit Card**
Use ticket vending machine to produce a paper ticket

Tempo Safety Tips

- Use the crosswalks, walkways, and sloped sidewalks to access Tempo stations.
- While at the station, stand behind the yellow warning strip and stay clear of the bus.
- Do not walk, bike, skateboard, scooter, or drive in bus-only lanes. Bus lanes are for buses and emergency vehicles only. Tickets will be issued to vehicles driving or parked in bus-only lanes, and vehicles are subject to towing.
- Remain alert and use extra caution as you get used to new traffic patterns.
